A spring trip to see Cherry Blossoms.

You are travelling to Tokyo for 5 days. You will be going around via Public Transport.

The timing below does not include travel time from the Hotel and back to the Hotel.

Day 1 (Total hours: 4 hours 15 Minutes)

Tokyo Tower

Sight: Tokyo Tower

Duration: 60 Minutes

Description: Looking at the Asian version of the Eiffel Tower and the view it provides before Godzilla attack!

[Edit](#) | [Delete](#)

15 Minute from Tokyo Tower to Meiji Shrine

Meiji Shrine

Sight: Meiji Shrine

Duration: 180 Minutes

Description: Peaceful Garden walk

[Edit](#) | [Delete](#)

Day 2 (Total hours: 2 hours 48 Minutes)

Map and directions travel time will be Black Belt (With AJAX)

Image is Black Belt

Events in order are ordered by a column in database

Maybe add validation if event_order has 2 of the same number?

Triplanner

New Event for your Tokyo Trip

[Return to Home](#) | [Logout](#)

Sight:

Trip Day:

Event Order:

Duration (Minutes):

Description:

INSERT FILE UPLOAD IF ATTEMPTING BLACK BELT

Submit

Upon entry, the default event order should be max number of day + 1

3 Char minimum on text inputs

If possible, Trip day cannot be greater than current max trip day + 1 (Default some day) (Or limit number as a select?)
